

## Emily Dis'fib Feed Bucket

### £POA

Patented agitating roller with opening door: its innovative design and conception optimize the complete discharge of the bucket and ensure a regular and fast feeding.

Door and flared end bucket: comfort and maximal safety for the user.

Versatility: Discharge long and chopped grass silage, maize silage, fodder beet...

Fast, efficient and robust.

Suitable on front loader, compact loader and telescopic handlers.

Perforated steel on the back for an optimal visibility.
