

# Trutest XRP2 EID Reader

## £POA

The XRP2 is built around Tru-Test's state of the art digital signal processing that gives optimum read range while automatically reducing unwanted interference.

Its revolutionary fast auto tuning provides maximum performance under all conditions. The fixed panel reader environment isn't static. Small changes in the metalwork or the simple action of opening a metal gate on a crush or crate can affect the reader's range and read speed performance. Tru-Test's EID panel readers maintain optimal performance through these changing

### Product Details
